Marv Andrei Pacinabao

Landing Page & Funnel Builder

Philippines pacinabaomarv@gmail.com marvpacinabao.com

Profile

Landing page and website builder with two years of hands-on experience. Selected work spans Shopify storefronts and advertorials, WordPress and Elementor landing pages, and GoHighLevel funnel support. Earlier experience in aircraft maintenance informs a systematic, detail-minded approach.

Selected project work

Zenith

WordPress and Elementor product landing-page build.

ARTIN Athletics

Shopify Hybrid Trainer page and comfort-shoe comparison advertorial.

Vendrato

GHL-connected landing and funnel support, including CRM, booking and lead capture.

ORIAS Essentials

Custom Shopify storefront with a multi-collection catalog and editorial content.

BALZY and Cowmit

Shopify product advertorials connecting stories, product information and offers.

Additional experience

Ecommerce support

Shopify page builds, Funnelish updates, product improvements, translations, QA and campaign support for a Sweden-based brand.

Startup support at NexHire

Business development, outreach, partnerships and growth operations.

Aircraft maintenance

Training and work in aircraft maintenance, inspection and systematic troubleshooting.

Platforms and availability

Shopify · WordPress · Elementor · GoHighLevel · Funnelish

Available 9 am–5 pm Australian working hours, with the specific time zone agreed with the team. Typical page turnaround is 1–2 days from a completed design and copy brief, depending on complexity, scope and access.
